## POOL & SPA

*SERVING VENTURA & L.A. COUNTIES SINCE 1981*

**We care about the product we deliver and the professional manner of our service, we don't cut corners. We consistently provide a quality product, completed in a timely and efficient fashion. Our pools and spas are built to exceed industry standards, to the exacting quality dictated by the Association of Pool & Spa Professionals.**

**We look forward to building the pool and spa of your dreams.**

Ventura Pool & Spa sets itself apart from the competition with our level of experience, commitment, and eye for detail. We do not have a sales force that disappears after a contract is signed. You will have one representative from start to finish who will oversee construction and will help you select aesthetics down to the most minute tile detail. Our construction crews represent the finest craftsman in the industry.
